

Clinical Engineering Association of Illinois 2019 \$1,000 Scholarship Program

This scholarship is offered to promote awareness of and attract quality individuals to careers in the biomedical / clinical engineering technology profession. More graduates are needed to meet both current and long term employment requirements in this exciting growth field. The CEAI typically awarded several scholarships each year.

Eligibility

1. Applicants must be enrolled in or intending to enter a college or university as a full time student in a Biomedical Engineering Technology (BMET) program for at least six months of the school year beginning in of September 2019. Applicants may not be previous recipients of this scholarship award.
2. Applicants must demonstrate commitment to the biomedical / clinical engineering technology profession through submission of a 700 – 1000 word essay.
3. Applicants must submit a copy of the most recent of one of the following: (1) high school transcript & diploma if graduated, GED certificate, or college transcript.
4. Applicants must complete and include the Application Form.
5. Finalists for the CEAI Scholarship will be required to interview with the Scholarship Committee who will determine the awardees.

Selection and Award Process:

1. Application Form, essay and academic transcripts are due by May 31, 2019.
2. Applications will be reviewed by the Scholarship Committee of the CEAI, and finalists will be notified by June 30, 2019 to schedule an interview with the Scholarship Committee. Awards are based primarily on the strength of the essay and interview.
3. Scholarship Awardees will be announced at their High School Scholarship Night if possible or at the CEAI Annual Conference in August 2019.
3. Scholarship checks will be presented at the CEAI Annual Conference in August 2019.
4. The scholarship award may be paid directly to the college or university by the CEAI or directly to the awardee, and requires proof of registration in a BMET program.
